Total	1494.05			

**Based on an undertaking provided by the company to maintain cash and cash equivalents (including short term investments) and undrawn facility limits in company or subsidiaries to the tune of 60% of CP's outstanding.*

Infomerics has taken consolidated approach of evaluation by combining the financial results of Indiabulls Real Estate Limited and its subsidiaries as they are in the same line of businesses (real estate), under a common management. IBREL operates by way of separate subsidiaries for its various projects. List of the subsidiaries consolidated is provided in Annexure 2.

Press Release

Details of Facilities are in Annexure 1

Detailed Rationale

The upward revision in the ratings of the debt facilities of Indiabulls Real Estate Limited (IBREL or 'Company') takes into account robust sales and collection along with surplus from existing projects, the proceeds from QIPs and Land sale and the overall gross debt reduction from Rs. 1,005 Cr. as at end of Q4FY2022 to Rs. 464 Cr. in Q1FY23. However, the ratings remain constrained by the large amount of unrecognised revenue from inventory already sold of Rs. 6,421 Cr which shall be recognised in P&L upon receipt of OC as per the Ind-As Accounting Standard. Infomerics shall closely monitor the same and undertake review based on Q3FY23 financial performance.

The rating continues to remain under credit watch with developing implications, on account of ongoing merger of certain assets of Embassy group with IBREL and its likely impact on the credit risk profile of IBREL. Infomerics will continue to monitor the developments in this regard and will resolve the watch once further clarity emerges on the merger transaction and the actual impact on the overall credit profile of IBREL is ascertained.

The ratings continue to reflect Experienced management team and Established Track Record, Improving Capital Structure and Availability of Land Bank and Unsold Inventory. The ratings also factor Moderate financial risk profile, High Dependence on Customer Advances and Cyclical Nature of Industry, Subject to Regulations.

Key Rating Sensitivities:

Upward Factors

- Reduced inventory with improved cash flow and revenue growth on a consistent basis will lead to positive rating action.

Downward Factors

- Any significant time & cost overrun in its ongoing projects.
- Slower than expected sales
- Any decline in revenue and/or profitability and increase in debt and inventory levels leading to deterioration in credit metrics.

Press Release

List of Key Rating Drivers with Detailed Description:

Key Rating Strengths:

Experienced management team

Indiabulls is a well-diversified group and has emerged as one of the leading business conglomerates in country with business interests across sectors like consumer finance, real estate, infrastructure & construction leasing, pharmaceuticals etc. The operations of the company are professionally managed by competent personnel and IBREL would continue benefiting from its experienced and qualified management of Indiabulls group.

Improving capital Structure

IBREL's capital structure has seen a substantial improvement in the recent years. With the business strategy of focusing on asset light model, the company has divested much of its properties and assets and reduced its debt from the sales proceeds. The long-term debt to equity ratio moved from 0.84x in FY20 to 0.15x in FY22. The credit metrics are expected to improve further in the upcoming years. The company raised Rs. 865 Cr. through issue of shares to institutional investors. Company had launched its QIP (Qualified Institutional Placement) issue on March 7 and closed it on April 12, 2022. The Company also entered a term sheet for Disposal of Land Parcel in Gurgaon. Proceeds from above were primarily used towards retirement of certain existing debt, customer refund liabilities, and construction of various ongoing projects keeping it in lines with company's goal of zero net debt in the current financial year.

Availability of Land Bank and Unsold Inventory

The company through acquisitions and government allotments has created a sizeable land bank of 1856 acres spread across Mumbai, NCR, Chennai. This land bank is sufficient for proposed development over the next 5-7 years. In addition to the said land bank, the company also possesses 1,424 acres of SEZ land in Nashik, Maharashtra. As on June 30, 2022, total sold receivables stood at Rs. 2820 crore and unsold inventory of Rs. 9287 crore, providing revenue visibility.

Press Release

Key Rating Weaknesses:

Moderate financial risk profile

The total operating income of the company stood at Rs. 1444.78 Cr. for FY22; a 5% decline from the previous year wherein the revenue stood at Rs. 1521.42 Cr. in FY21. This was mainly on account of change in revenue recognition method of the company to Ind AS 115 “Revenue from Contracts with Customers”. Further resulting into decline in overall profitability of the company with negative EBITDA and PAT standing at Rs. -137.29 Cr. and Rs. -1.49 Cr. respectively in FY22.

Also, in Q1FY23 the revenue declined by 70.84% in Q1FY23 as compared to Q1FY22. Total operating income in Q1FY23 stood at Rs. 151.54 Cr. as against Rs. 519.71 Cr. in Q1FY22. The company reported an operating loss in Q1FY23 against an operating profit in Q1FY22. Similarly, the company reported net loss in Q1FY23 against net profit in Q1FY22.

High Dependence on Customer Advances

The company primarily depends on advances received from its customers and external borrowings to fund its operations. With the strategy to reduce the total debt to zero, IBREL's future operations would depend largely on the advances received from the customers. However, as per the principles of Ind AS 115; currently customer advances accounts to the entire collection made towards the projects are and remain pending to be recognized as revenue due to receipt of OC remaining pending.

Cyclical Nature of Industry; Subject to Regulations

Real estate industry is unorganized, localized, and subject to local and central regulations. The Indian real estate industry is highly cyclical with volatile cash flows. The sector is also subject to multiple regulatory approvals; thus, the timely receipt of regulatory approval is critical for the timely launches of new project phases and future sales/collections.

Analytical Approach: Consolidated Approach

Infomerics has taken consolidated approach of evaluation by combining the financial results of Indiabulls Real Estate Limited and its subsidiaries as they are in the same line of businesses (real estate), under a common management. IBRL operates by way of

Press Release

separate subsidiaries for its various projects. List of the subsidiaries consolidated is provided in Annexure 2.

[Financial Ratios & Interpretation \(Non- Financial Sector\)](#)

[Rating methodology for Structure Debt Transaction \(Non-securitisation transaction\)](#)

[Consolidation of Companies](#)

[Criteria of Rating Outlook](#)

Liquidity –Adequate

The company maintains moderate cash and bank balance to meet its liquidity requirements. Company recorded cash and cash equivalents of Rs. 120.66 Crore in FY22. Further the proceeds from sale of land in Gurgaon for ₹ 580 Cr. add to its liquidity. The liquidity position looks adequate with the cash cover well above unity over FY22-FY24.

About the Company:

Indiabulls Real Estate Limited (IBREL), incorporated on 04th April, 2006, is engaged in real estate development, directly as well as through various subsidiaries as well as associate companies. IBRL is primarily involved in construction and development of properties, project management, investment advisory and construction services.

Financials (Consolidated):

For the year ended/ As on*	31-03-2021 (Audited)	31-03-2022 (Audited)
