

Press Release

Srei Equipment Finance Limited

December 01, 2020

Rating Downgraded

Total Facilities Rated*	Rs. 3492.45 Cr.
Long Term Rating	ACUITE BBB Under watch with Negative implications (Downgraded from ACUITE A-)

*Refer Annexure for details

Rating Rationale

Acuite has downgraded the long-term rating on the Rs. 3,492.45 Cr Non-convertible debentures of Srei Equipment Finance Limited (SEFL) from **'ACUITE A- (read as ACUITE A Minus)** to **'ACUITE BBB' (read as ACUITE triple B)**. The ratings continue to be **'under watch with Negative implications'**.

The revision in ratings takes into consideration the elevated challenges and heightened regulatory uncertainty with regards to SEFL's proposed debt realignment under an NCLT order. This is largely due to a lack of consensus among various stakeholders on the resolution of pending matters including consent on the slump sale of the erstwhile business of SIFL into SEFL. Acuite believes that a likely delay in bank debt realignment would result in a further deterioration of the liquidity position of the company. The rating action is further precipitated by SEFL's announcement of a special audit initiated by RBI. While there are no specific concerns that has come yet to the knowledge of Acuite, we believe that such a development may further impair SEFL's financial flexibility that had already been impacted by the NCLT order, a continuing weak capital position and increased ALM mismatches. Acuite has also noted that the yields on some of the outstanding bonds of SEFL with shorter maturities have risen sharply, reflecting increased market concerns on the liquidity stress in the company.

The rating continues to, however, factor in the established position of SEFL in the construction equipment finance market and the improving collection levels from the loan portfolio as the economy witnesses a gradual revival from the pandemic disruption.

Acuite had, vide, its previous press release dated 09 November 2020, revised the rating on debt instruments of SEFL from 'ACUITE A' with a negative outlook to 'ACUITE A-' with rating watch negative. This was primarily driven by the higher than expected liquidity challenges being faced by SEFL, accentuated by the current COVID crisis, as indicated by the proposed bank debt realignment in NCLT proceedings, the subdued pace of asset monetization, as against that initially envisaged and its potential impact on an already weakened capital position.

Acuite also took note of the development with regards to the NCLT order dated 21 October, 2020. The order of NCLT was related to the closure on the slump exchange of assets between SEFL and SREI Infrastructure Finance Limited (SIFL).

Acuite had expected that the NCLT mechanism would facilitate a timely realignment of bank debt, which accounts for a significant proportion of SEFL's borrowings (i.e. 84% of borrowings as on 31 March 2020). Further clarity in this regard was expected to emerge over the next 2-3 months post the meeting of SEFL's creditors. It is now understood that the bankers are divided on the matter of both debt realignment and slump sale. The lack of consensus among various stakeholders on these pending matters increases the risks of a significant delay in their resolution. In light of these developments, Acuite believes that liquidity pressures will intensify further in SEFL and might lead to sharp deterioration in its financial health.

Acuite will be in touch with the management to seek timely updates on the progress. Meanwhile, the rating will continue to be on watch with negative implications.

About the Company:

SEFL is a systemically important non-deposit taking non-banking finance company (NBFC-ND- SI) engaged in the business of equipment financing and providing leasing solutions for construction, mining, healthcare, agricultural and IT equipment. It is a wholly-owned subsidiary of Srei Infrastructure Finance Limited (SIFL), a listed company, which used to be engaged in the financing of infrastructure projects. Post slump sale all the financing activities have been shifted to SEFL and SIFL is now focused on fee based advisory services.

Analytical Approach:

Acuite has adopted the standalone approach on SEFL's business and financial profiles for arriving at the rating.

Acuite has been guided by recent SEBI circular dated 30th March, 2020 (Circular No: SEBI/ HO/ MIRSD/ CRADT/ CIR/ P/ 2020/53) while arriving at the rating. Acuite has also relied on the RBI circular dated 27th March, 2020 (Circular No: RBI/2019-20/186 in this regard. Acuite notes that the company had not received timely confirmation regarding the moratorium from some of its lenders but had postponed the payments due over the period April to August 2020 on that presumption. Acuite believes that such slippages are attributable to the ongoing pandemic crisis and hence has not construed them as a credit event while arriving at the rating decision. Acuite policy regarding this "Transitory relaxation from compliance with certain provisions under SEBI (Credit Rating Agencies) Regulations, 1999" is as follows: <https://www.acuite.in/transitory-relaxation-from-compliance-with-certain-provisions-under-SEBI.htm>.

Further, Acuite has also been guided by the SEBI Circular (SEBI/ HO/ MIRSD/ CRADT/ CIR/ P/ 2020/ 160) dated August 31, 2020 regarding any potential realignment of loan repayments by lenders.

Strengths:**• Established presence in the CME segment:**

SEFL is engaged in the financing of infrastructure assets with a focus on construction, mining and allied equipment (CME) segment and leases for new as well as used equipment. The company has been one of the leading construction and mining equipment (CME) financing companies with 91 branches across 21 states in India offering loans. While SEFL was started in 2006, the promoters have been in the equipment-financing segment for over two decades. SEFL has presence across the lifecycle of the equipment from equipment acquisition up to equipment exit.

SEFL has developed strong expertise in understanding and managing risks inherent in the construction equipment financing business. The company also benefits from its long-standing relationship with original equipment manufacturers, such as JCB, and equipment dealers, and its ability to support its borrowers throughout the asset lifecycle. The company has developed an ability to track the execution of projects wherever its equipment is deployed and ensure optimal use of these. SEFL has developed an in-house platform to create a secondary market for sale and purchase of used and repossessed equipment.

SEFL is led by Mr. Hemant Kanoria (Chairman) and Mr. Sunil Kanoria (Vice Chairman), who have over three decades of experience in financial services. Their expertise in the CME sector has supported SEFL in striding across business cycles. The promoters are supported by a management team of seasoned functional professionals.

The company had Asset under Management (AUM) of Rs. 38,418 Cr as on March 31, 2020 (Rs. 29,772 Cr. as on March 31, 2019), AUM stood at Rs. 38,605 Cr. as on June 30, 2020. The major increase in the portfolio was due to assets taken over from SIFL in the slump sale. Of the overall AUM as on March 31, 2020, on book loan portfolio comprised Rs. 29,041 Cr. (Rs. 18,615 Cr. as on March 31, 2019)) and operating lease assets comprised Rs. 3,107 Cr. (Rs. 4,300 Cr. as on March 31, 2019). The balance AUM comprised off-balance sheet exposures on account of securitisation and direct assignment transactions.

The company has demonstrated the ability to assess and mitigate the risks pertaining to the equipment lending segment over the years. SEFL has been able to sell down its pools to various banks/ institutions on a regular basis which indicates the confidence of these buyers in the continued performance of these pool assets. SEFL Securitisation transaction (PTCs, PCGs and direct assignment) volumes during FY2020 were Rs. 3,144 Cr. Similarly, the company assigned pools through direct assignment (DA) arrangement

during FY2019 of Rs. 4170.9 Cr. (Rs. 3675.3 Cr.). Besides the DA and the securitisation route, the company has also identified Co-Lending as a new growth initiative to leverage its expertise in the equipment lending segment and tide over its capital constraints. It has already tied up with 5 banks and has commenced disbursements under this scheme since Q4FY2019.

Acuite believes that SEFL's established presence in the CME financing segment and its ability to significantly scale up its AUM through initiatives like co-lending/ Securitisation will be a key driver of its business risk profile over the near to medium term.

Weaknesses:

- **Subdued capital adequacy buffers:**

SEFL is engaged in financing and leasing of Construction, Mining and allied equipment (CME). The demand for CME is directly linked to infrastructure spending in the economy. The high level of infra spending over the past two to three years has translated into higher volumes of sales of CME. This, in turn, has resulted in higher growth opportunities for players like SEFL. SEFL's AUM has grown from Rs. 15,413 Cr. as on March 31, 2016 to Rs. 29772 as on March 31, 2019 and further to Rs. 38,418 Cr. as on March 31, 2020, AUM stood at Rs. 38,605 Cr as on June 30, 2020. Acuite observes that a major part of this growth was funded through increased borrowings without any commensurate increase in the net worth apart from the increased capital (by way of slump sale ~Rs. 950 Cr) which resulted in the increase of assets and borrowings by ~Rs. 13,365 Cr and Rs12,391 Cr respectively. SEFL's net worth stood at Rs. 3920 Cr. as on March 31, 2020 as against Rs. 2904 Cr. as on March 31, 2019 and Rs. 2364 Cr as on March 31, 2016. SEFL has been aggressively geared at 8.05 times as on March 31, 2020 (7.22 times as on March 31, 2019 and 5.01 times as on March 31, 2016).

The company had in the past, attempted to raise fresh equity; however, in the absence of a supportive funding environment, these plans had to be deferred. While the company was facing challenges to raise fresh equity, it also now faces a significant challenge from asset quality and profitability to be further impacted due to subdued operating environment. Resultantly, the company's capital adequacy has declined from 19.6 per cent as on March 2016 to 15.65 per cent as on March 2020 and further deteriorated to 15.5% as on June 30, 2020. The Tier I capital stood at 11.35 percent as on March 2020, which leaves the capital adequacy close to the regulatory threshold limits and limited headroom for further growth. Discussions with management indicate that the company will intentionally sell down its portfolio through securitization (under Direct assignments, PCG and PTC schemes) or by way of foreclosure. Since the company has faced capital adequacy constraints it has opted for avenues like co-lending to tide over the capitalization constraints.

The company had granted moratorium to most of its borrowers during the COVID-19 outbreak. The period of moratorium was ended by August 31, 2020 and regular repayments were commenced from Sept, 2020. Resultantly the extent of impairment with respect to its borrowers is yet to be evaluated. Besides primary exposures (Loan assets and operating lease assets) the company also has significant exposures by way of securitization, i.e. PTC, PCG and DA transactions. While discussions with management indicate there has been no dip in cash collateral associated with these deals, increase in delinquencies in these pools will translate into dips in the cash collateral.

The overall extent of impairment both on the on-balance sheet and off-balance sheet exposures will be crucial to determine the credit profile of the company. Though discussions with management indicate that adequate provisions have already been made with respect to the existing stressed assets. Any increase in credit costs will result in the lowering of profitability and thereby impact the capital adequacy buffers. The company's Return on Average Asset (ROAA) declined to 0.19 per cent in FY2020 as against 1.2 per cent in FY2019.

Acuite believes that the moderation in profitability coupled with a slower pace of business growth, will continue to impinge on the operating performance of the company.

- **Asset quality to be impacted further due to subdued operating environment:**

SEFL primarily focusses on construction, mining and allied equipment segment wherein the end user industry is infrastructure. The capital expenditure program of infrastructure players is largely influenced by their order book, which in turn is linked to the expected infrastructure spending in the economy. The government's infrastructure spending has increased substantially over the past 4 years. As per release by

the Ministry of Road Transport Highways, the investments in the infrastructure segment has increased from Rs. ~98000 Cr. in FY2016 to ~Rs. 137,354 Cr. for FY2019. While the govt expend has been buoyant in the past, the Government infrastructure spending post the outbreak of COVID-19 is crucial. The length of National Highway work awarded has increased from 10,098 Km in FY2016 to 17,055 km in FY2018 and has declined to 5493 Km in FY2019. The Government thrust on infrastructure has increased; however, the ability to maintain the investment momentum in infrastructure will also be dependent on the fiscal headroom available to the government to raise the requisite resources. The question of fiscal flexibility has become more relevant after the COVID-19 outbreak which has resulted in a significant proportion of the government resources (funds) being allocated towards other areas of higher priority such as healthcare, revival of Small and Medium enterprises (SMEs), support to NBFCs etc. The significant contraction in the GDP (contraction by 23.9% for Q1FY21*) on account of the pandemic and pandemic related lockdowns has impacted the government's tax revenues and fiscal flexibility to maintain the momentum in infrastructure spending.

Since the credit profiles of SEFL's borrowers are largely aligned to infrastructure spending, impact of the current macro-economic environment on credit behavior of these borrowers is expected to be adverse over the medium term. Even in the event of a surge in spending, the impact on the cashflows is likely to be back ended. In this situation, the asset quality pressures of players like SEFL are expected to be elevated and consequently, the related credit costs are expected to be high.

The overall challenging operating environment could also result in challenges in sell down of existing assets. The top 20 NPAs accounted for 70 percent of the overall NPAs as on March 31, 2020 (PY:73%). The company's provisioning coverage ratio for these accounts in FY2020 was ~34 percent as against ~22 percent for FY2019. The ability to seek effective resolution of these large exposures will also play a major role in determining the future trajectory of credit cost. Since many of these accounts have facilities from multiple lenders, the stance of other lenders will also have a bearing on the resolution. While presently the asset recognition is on hold due to ruling by Court with regard to classification of assets, the regulatory stance in regard to asset classification will be critical.

Acuite believes that ability to unwind its exposures significantly while containing slippages will be key monitorable. Any further decline in the asset quality and resultant increase in credit cost will be key rating sensitivities.

Rating Sensitivity:

- Status of the realignment of debt and stance of the lenders
- Adverse movement in asset quality
- Significant spike in credit costs translating into material reduction in Capital adequacy
- Significant infusion of equity
- Any adverse outcome from the RBI audit exercise

Liquidity Position: Stretched

Since March, 2020 SEFL has extended a moratorium to most of its borrowers and has also received a moratorium on most of its bank borrowings. Company's collections for May and August, 2020 were ranging between 32% to 53% of its average monthly scheduled collections of ~Rs. 800 Cr. The company has debt servicing obligations (Excluding Interest) of ~Rs.1,400 Cr (including bank debt) over the next six months (September 2020 to March, 2021), it has unencumbered cash balance of ~Rs. 100 Cr. as on October 31, 2020. The company's ability to disburse is currently constrained by its capital adequacy levels. The company has been in the process of sell down of its loan assets and is expected to continue such a strategy for generating liquidity and also improving its capital position. Besides ongoing talks with various domestic and foreign lenders to raise long term debt, the company is also in the process of realigning its bank debt as per a scheme of arrangement.

About Acuite Ratings & Research:

Acuite Ratings & Research Limited is a full-service Credit Rating Agency registered with the Securities and Exchange Board of India (SEBI). The company received RBI Accreditation as an External Credit Assessment Institution (ECAI), for Bank Loan Ratings under BASEL-II norms in the year 2012. Since then, it has assigned more than 6,000 credit ratings to various securities, debt instruments and bank facilities of entities spread across the country and across a wide cross section of industries. It has its Registered and Head Office in Mumbai.

Disclaimer: An Acuite rating does not constitute an audit of the rated entity and should not be treated as a recommendation or opinion that is intended to substitute for a financial adviser's or investor's independent assessment of whether to buy, sell or hold any security. Acuite ratings are based on the data and information provided by the issuer and obtained from other reliable sources. Although reasonable care has been taken to ensure that the data and information is true, Acuite, in particular, makes no representation or warranty, expressed or implied with respect to the adequacy, accuracy or completeness of the information relied upon. Acuite is not responsible for any errors or omissions and especially states that it has no financial liability whatsoever for any direct, indirect or consequential loss of any kind arising from the use of its ratings. Acuite ratings are subject to a process of surveillance which may lead to a revision in ratings as and when the circumstances so warrant. Please visit our website (www.acuite.in) for the latest information on any instrument rated by Acuite.
