Rationale and key rating drivers

The revision in the ratings assigned to the long-term debt instruments and bank facilities of Tata Motors Finance Ltd (TMFL), follows a similar revision in the ratings assigned to the ultimate parent company i.e., Tata Motors Limited (TML) given the significant improvement in the overall credit profile of TML on account of the improved operating performance in FY23 attributed to improved volumes and product mix and higher realisations in both Jaguar and Land Rover (JLR) and India. The short-term rating assigned to the commercial paper (CP) has been re-affirmed.

The ratings factor in the ultimate parentage of TML and the strategic importance of TMFL for the parent TMF Holdings Ltd (TMFHL), being the holding company of the captive finance arms of TML, the strong operational linkages and the demonstrated capital and management support as well as shared brand name.

The ratings continue to consider TMFL's adequate capitalisation levels along with the well-diversified resource profile, supported by the group's strong resource-raising ability. The ratings, however, continue to remain constrained due to the weak asset quality and the moderate profitability parameters of the company.

The continued support from the ultimate parent (TML) and the improvement in the asset quality, profitability, and capitalisation parameters continue to be the key rating sensitivities. The ratings of TMFL draw significant strength from the ratings of TML. Any change in the credit profile, resulting in a rating change of TML, will necessitate a similar rating action on the ratings of TMFL.

CARE Ratings Limited (CARE Ratings) has taken cognizance of the scheme of arrangement between TMFL and Tata Motors Finance Solutions Ltd (TMFSL) approved by the board of directors on October 03, 2022 wherein the non-banking financing business (NBFC business) of TMFL will be merged with the business operation of TMFSL and TMFL will surrender its NBFC license. Thus, TMFL will continue only with its operating lease business and TMFSL will be renamed to TMFL.

This transaction is expected to have minimal or no impact on the business operation of the group as both the entities are in similar line of business. Also, while arriving at the ratings, CARE Ratings follows a consolidated approach given the strong linkages between the companies of the TMF group which takes into account both the business of the group.

The NCLT approval is already in place and it will become effective once the approval is filed with Registrar of Companies (ROC) which is expected to happen in near term.

¹Complete definition of the ratings assigned are available at www.careedge.in and other CARE Ratings Ltd.'s publications

Rating sensitivities: Factors likely to lead to rating actions**Positive factors: Factors that could lead to positive rating action/upgrade:**

- Upward revision in the rating of the ultimate parent entity - TML

Negative factors: Factors that could lead to negative rating action/downgrade:

- Any negative rating action on the ultimate parent entity, TML
- Deterioration in the consolidated asset quality parameters on a sustained basis
- Significant deterioration in the overall profitability and business profile from the existing levels

Analytical approach:

Since TMFSL and TMFL are subsidiaries of TMFHL, CARE Ratings has taken a consolidated approach for assigning the ratings. Furthermore, TMFHL's ratings derive significant support from the company's parentage of TML.

Outlook: Stable

The stable outlook reflects expectation of improving operational and financial position with no further deterioration in profitability along with comfortable capitalisation levels.

Detailed description of the key rating drivers:**Key strengths****Strong parentage and strategically important subsidiary for the parent**

TMFL is a majority-owned subsidiary of TMFHL (as on March 31, 2023, 98% of equity share capital is held by TMFHL and 2% by TMFSL) which in turn is a wholly-owned subsidiary of TML (rated 'CARE AA; Stable'). TML is the largest automobile manufacturer in Asia as well as the largest commercial vehicle manufacturer in India. It has a well-diversified product portfolio consisting of presence in both, CV and passenger vehicle (PV) segments in India.

The auto finance companies (TMFSL and TMFL) and the holding company TMFHL are critical to TML for achieving their growth projections and in creating demand in newer markets. TMFL being the captive financier for TML's vehicle and during FY23 around 17% of TML's total CV sales was funded by TMFL. Also, TMFSL will be critical in expanding into newer business areas like used vehicle financing and dealer or vendor financing. Furthermore, the Tata group has shared its brand with its auto financing companies, and therefore, continued financial, operational, and management support from TML is expected and is a key rating sensitivity.

TML has been supporting TMFHL by way of equity infusion to in turn support the business and capital requirement of TMFL and TMFSL. In the last two years, TMFHL has raised perpetual debt worth ₹1,800 crore where TML has written a 'Put' option to purchase the debentures from the debenture holder at the respective exercise dates. In FY23, compulsorily convertible preference shares (CCPS) worth ₹371 crore was converted into equity which was 100% held by TML. Also, TMFHL has ₹1,000 crore of credit line available from TML in the form of ICDs. During FY21 and FY22, there was no equity infusion by TMFHL in any of its subsidiaries. However, during FY23, TMFHL subscribed to the rights issue by TMFL and infused funds worth ₹.700 crore to support its capital needs. There was no infusion by TMFHL in TMFSL during FY23 since it is well-capitalized.

Strong management and board of directors

The company's board of directors consist of eminent personalities, viz., Nasser Munjee, Vedika Bhandarkar, P. S. Jayakumar, Varsha Purandare, P.B. Balaji, Shyam Mani, Dhiman Gupta and Samrat Gupta. Naseer Munjee was appointed as an Independent Chairman of the company in June 2020. He has played an instrumental role in setting up institutions like HDFC and IDFC in the past. Vedika Bhandarkar, Independent Director is also on the board of TML. She held various leadership positions in financial institutions. P.S Jayakumar- Independent Director, was the MD & CEO of Bank of Baroda and the Co-founder and CEO of VBHC Value Budget Housing (VBHC). Varsha Purandare- Independent Director, has varied experience of 36 years in the areas of Credit, Forex, Risk, Treasury, Capital Markets, Investment Banking and Private Equity. She was the Managing Director and Chief Executive Officer of SBI Capital Markets Limited ("SBI Caps") from November 2015 up to December 2018. Besides the above, she has held several positions in SBI, in India and abroad. P. B. Balaji is the Group CFO of TML. Shyam Mani- Non-Executive Director, has rich experience across various functions, including manufacturing, procurement, finance and sales and marketing. Before his stint with the TMF group, Shyam Mani was handling sales and marketing for the CV business unit of TML as Vice President. Dhiman Gupta -Non-Executive Director, has over 15 years of experience in corporate finance and Mergers and Acquisitions (M&A) across various industry verticals. With effect from May 24, 2022, Samrat Gupta stepped down as Managing Directors and CEO and has been appointed as Non-Executive Director. He has over 20 years of experience in the Tata group companies and other MNCs. He is carrying rich experience in Finance, Sales, Corporate restructuring.

Adequate capitalization levels

As on March 31, 2023, capital to risk weighted assets (CRAR) under TMFL stood at 24% (Tier 1: 13.14%) as against the regulatory requirement of 15% (Tier 1: 10%). Leverage on standalone basis improved to 5.86 times as on March 31, 2023 as against 6.13 times as on March 31, 2022, given the equity infusion by TMFHL of ₹700 crore as well as decline in the overall debt of the company.

On a consolidated level, the gearing of the company stood at 7.69 times as on March 31, 2023 as against the gearing of 6.94 times as on March 31, 2022 since the net-worth got hit due to losses during FY23. The merged entity is expected to have adequate capitalization as TMFL and TMFSL both are well capitalized with CRAR of above 20% and hence the gearing is expected to improve from current levels assuming no significant write-offs happen.

Furthermore, comfort is drawn from the ultimate parent group, which has been providing capital and liquidity support to TMHFL and its subsidiaries.

Diversified funding profile

On a consolidated basis, the funding profile is well diversified with resources being raised from various avenues like banks, debt instruments and commercial paper (CP). The company also raises funds through direct assignments (DA) and during FY23, funds worth ₹4,163 crore was raised. Within term loans, the borrowings are well diversified across numerous lenders.

Key weaknesses

Weak asset quality metrics

As on March 31, 2023, the gross non-performing assets (GNPA) on a consolidated basis stood at 9.26% (net NPA: 5.02%), as against the gross NPA of 9.66% (net NPA: 5.75%) as on March 31, 2022. This marginal improvement was on account of improved collections coupled with write-offs. Earlier, the major deterioration of the asset quality was due to lower collections in period of the pandemic. Along with this, the new Income Recognition, Asset Classification and Provisioning pertaining to Advances (IRACP) norms on NPA recognition and upgradation issued by the Reserve Bank of India (RBI) on November 12, 2021 added to increased delinquencies.

Under TMFL (Standalone), gross NPA increased to 11.28% as on March 31, 2023 from 10.31% as on March 31, 2022; however, on absolute basis it has improved from ₹3,077 crore as on March 31, 2022 to ₹2,878 crore as on March 31, 2023 given the combination of improved collections as well as write-offs during FY23. The Net NPA stood at 5.91% as on March 31, 2023 (as on March 31, 2022- 5.98%). The restructured loans constitute 57% of the total Gross NPAs.

Given the product and customer segment that the company operates in as well as the historical asset quality trend, the company's ability to improve the same will remain a key monitorable.

Moderate profitability parameters

On a consolidated, the company reported loss of ₹1,013 crore during FY23 as against the profit of ₹156 crore, on account of increase in credit cost from ₹1,278 crore in FY22 to ₹2,039 crore in FY23. This was mainly due to significant write-offs of ₹2,032 crore (net of recoveries). As a result return on average total assets (ROTA) stood at -2.29% in FY23 as against 0.34% in FY22. The total income stood similar with marginal growth to ₹5,057 crore in FY23.

Similarly, on a standalone level, TMFL reported loss of ₹1,033 crore during FY23 as against the loss of ₹27 crore in FY22 on account of increased credit cost in contrast to decline revenue base. The total credit cost increased to ₹1,689 crore during FY23 (FY22- Rs.1,111 crore). This coupled with slow growth in the lending business has been impacting the revenue as well as profitability of the company.

Going ahead, the profitability for FY24 is expected to improve from current levels given that the credit cost expected to improve coupled with better margins.

Liquidity: Strong

As on March 31, 2023, the asset-liability management (ALM) of TMFL considering undrawn credit lines of ₹1,854 crore had no negative cumulative mismatches in any of the short-term buckets up to one year. Being a part of the Tata group, the company has the financial flexibility to mobilise the funds to meet any funding requirements.

As on May 31, 2023, the company had cash and liquid investments of ₹1,697 crore, ₹3,458 crore of unutilized cash credit (CC) or working capital demand loan (WCDL) lines as against the debt repayments of ₹5,271 crore for the next three months. The Company also has Investments in G Se/ T Bill of ₹1000 crore kept for liquidity coverage ratio (LCR) requirement. TMFL, being a subsidiary of TMFHL, is expected to receive support from the parent on a continuous basis and be able to mobilise funds to meet any liquidity requirements.

About the company and industry

Industry classification

Macro-Economic Indicator	Sector	Industry	Basic Industry
Financial Services	Financial Services	Finance	Non-Banking Financial Company (NBFC)

TMFHL

TMFHL, an erstwhile asset finance company and a systemically-important non-banking financial company, is a wholly-owned subsidiary of TML (rated 'CARE AA; Stable').

As per the scheme of arrangement (approved by the board of TMFHL during FY17 and the National Company Law Tribunal (NCLT) on April 06, 2017), the new vehicle financing business of TMFHL has been transferred to TMFL (formerly known as Sheba Properties Limited). Its dealer or vendor financing business has been transferred to TMFSL. TMFHL has been converted into a core investment company (CIC) post the requisite approvals from the RBI vide the certificate of registration dated October 11, 2017. The name of the company has been changed to TMF Holdings Limited with effect from June 17, 2017. The CIC acts as a holding company of the lending subsidiaries.

TML

Incorporated in 1945, TML is one of the leading automotive manufacturers in India. Essentially a CV manufacturer, TML forayed into the manufacturing of passenger vehicles across all product segments, viz, compact, mid-size, and utility in 1998-99, broadening the business horizon of the company. TML forayed into the premium luxury car segment through the acquisition of JLR in June 2008, which has a presence across various geographies such as Europe, the US, China, Russia, and Brazil. Through its subsidiaries and associates, TML also has a presence in Thailand, South Africa, South Korea, and Indonesia. The company's manufacturing base in India is spread across Jamshedpur (Jharkhand), Pune (Maharashtra), Lucknow (Uttar Pradesh), Pantnagar (Uttarakhand), Sanand (Gujarat), and Dharwad (Karnataka). In addition, JLR has three manufacturing units and two product development centers in the UK.

TMFSL

TMFSL (formerly known as Rajasthan Leasing Pvt Ltd) is a wholly-owned subsidiary of TMFHL, which in turn, is a wholly-owned subsidiary of TML (rated 'CARE AA-; Stable'). At the end of FY15, TMFSL purchased the manufacturer (TML) guaranteed business and used vehicle finance business from TMFHL, on a slump-sale basis. The objective of creating TMFSL was to have a dedicated focus for the manufacturer (TML) guaranteed business and used vehicle financing business and also to de-risk the balance sheet of TMFL. During the quarter ended September 30, 2017, TMFSL wrote-off its manufacturer guaranteed business and is currently dedicated to used-vehicle financing and dealer or vendor financing.

TMFL

TMFL is a majority-owned subsidiary of TMFHL and is a systemically important NBFC. As per the scheme of arrangement approved by the board of both companies, accepted and approved by the NCLT, the new vehicle financing business of TMFHL has been transferred to TMFL w.e.f the close of business hours on January 31, 2017. The name of the company was changed from Sheba Properties Limited w.e.f June 30, 2017.

About us:

Established in 1993, CARE Ratings is one of the leading credit rating agencies in India. Registered under the Securities and Exchange Board of India, it has been acknowledged as an External Credit Assessment Institution by the RBI. With an equitable position in the Indian capital market, CARE Ratings provides a wide array of credit rating services that help corporates raise capital and enable investors to make informed decisions. With an established track record of rating companies over almost three decades, CARE Ratings follows a robust and transparent rating process that leverages its domain and analytical expertise, backed by the methodologies congruent with the international best practices. CARE Ratings has played a pivotal role in developing bank debt and capital market instruments, including commercial papers, corporate bonds and debentures, and structured credit.

Disclaimer:

The ratings issued by CARE Ratings are opinions on the likelihood of timely payment of the obligations under the rated instrument and are not recommendations to sanction, renew, disburse, or recall the concerned bank facilities or to buy, sell, or hold any security. These ratings do not convey suitability or price for the investor. The agency does not constitute an audit on the rated entity. CARE Ratings has based its ratings/outlook based on information obtained from reliable and credible sources. CARE Ratings does not, however, guarantee the accuracy, adequacy, or completeness of any information and is not responsible for any errors or omissions and the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CARE Ratings have paid a credit rating fee, based on the amount and type of bank facilities/instruments. CARE Ratings or its subsidiaries/associates may also be involved with other commercial transactions with the entity. In case of partnership/proprietary concerns, the rating/outlook assigned by CARE Ratings is, inter-alia, based on the capital deployed by the partners/proprietors and the current financial strength of the firm. The ratings/outlook may change in case of withdrawal of capital, or the unsecured loans brought in by the partners/proprietors in addition to the financial performance and other relevant factors. CARE Ratings is not responsible for any errors and states that it has no financial liability whatsoever to the users of the ratings of CARE Ratings. The ratings of CARE Ratings do not factor in any rating-related trigger clauses as per the terms of the facilities/instruments, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and triggered, the ratings may see volatility and sharp downgrades.
