Total	58,022.2	55,989.1	

*Instrument details are provided in Annexure I; Withdrawn as instruments have been fully repaid on maturity

Rationale

While arriving at the ratings, ICRA has considered the consolidated performance of TMF Holdings limited (TMFHL) and its subsidiaries (i.e., Tata Motors Finance Limited (TMFL)¹ and Tata Motors Finance Solutions Limited (TMFSL), together referred to as the TMF Group), given the strong operational and financial synergies between the companies.

ICRA's ratings for the TMF Group derive significant support from its ultimate parentage in the form of Tata Motors Limited (TML; rated [ICRA]AA (Stable)/[ICRA]A1+). The revision in long-term ratings for TMFSL follows the revision in the long-term ratings of the ultimate parent company i.e. TML to [ICRA]AA(Stable) from [ICRA]AA-(Positive). ICRA believes that the TMF Group is strategically important to TML as the Group financed ~17% of TML's commercial vehicle (CV) sales in FY2023. The Group's ratings are strongly linked to the expectation of continued support from TML, which, in the past, has included access to capital, management and systems and supervision by its board. Further, the Group's operations benefit from its leadership position in financing TML's vehicles, the strong board oversight, and a shared brand name. The shared brand name also supports the Group's financial flexibility, and the consolidated liquidity position is supported by adequate cash and liquid investments and unutilised bank lines available at TMFL and TMFSL.

ICRA notes that the Group's asset quality remains weak with consolidated gross NPA of 9.3% and net NPA of 5.0% as on March 31, 2023. Asset quality had significantly deteriorated in Q3FY2023 due to implementation of RBI-IRACP norms, effective October 1, 2022, and higher slippage from the restructured book. In this regard, ICRA takes note of the group's collections effort to improve recoveries and write offs to reduce the NNPA. Nevertheless, given the stress in the restructured loan book,

¹ As per approved scheme of arrangement, the outstanding assets and liabilities pertaining to NBFC business of TMFL are transferred to TMFSL effective from June 30, 2023

a weak capital profile and losses in FY2023, there could be a need to raise further capital. Overall, a significant change in TMFHL's shareholding pattern or a change in the expectation of support from TML or a deterioration in TML's credit profile could warrant a rating change for the TMF Group. Also, the quantum and timeliness of support from TML to the Group would be a key monitorable. Further, the ability of TMF group to improve its standalone financial metrics and asset quality indicators from current levels would be critical for improvement in the ratings going forward.

Key rating drivers and their description

Credit strengths

Strategic importance to TML and demonstrated support from parent in the form of regular capital infusions – ICRA's ratings for the TMF Group derive significant support from its ultimate parentage in the form of TML. The TMF Group's ratings are strongly linked to the stated intention of continued support from TML in a timely manner, which, in the past, has included access to capital, management and systems, and supervision by a strong board. ICRA derives comfort from the company being strategically important to its parent as a captive financier of TML's vehicles (TMFL financed ~17% of TML's CV sales in FY2023). ICRA expects TML to provide support to the TMF Group to enable it to maintain a prudent capital structure, while maintaining full ownership.

Assured business volumes on account of TML's established market position; well-established branch and distribution network – As a captive financing arm of TML, the TMF Group enjoys strong linkages and has relationships with the dealer network and the preferred financier for most of its dealer network. TML continues to have a leading market position in CVs in India, supported by its strong and diversified portfolio, high brand equity and well-entrenched market reach. ICRA takes note of TML's stated intent to support the TMF Group and to continue maintaining full ownership of the Group. As on March 31, 2023, the Group's consolidated assets under management (AUM) stood at Rs. 41,314 crore consisting of new vehicle financing (72%), used vehicle financing (20%), and corporate lending business (CLG; 8%).

As on March 31, 2023, TMFSL had a standalone AUM of Rs. 11,020 crore consisting of used CVs (74%), CLG (25%) and others (2%).

Diverse borrowing profile – The company enjoys good financial flexibility and has access to long-term funding by virtue of being a part of the TML Group, with access to funds at competitive rates of interest. As on March 31, 2023, the consolidated funding mix comprised bank borrowings, long term market debt and commercial paper. The consolidated liquidity profile is adequate, supported by unutilised bank lines to bridge short-term mismatches in the cash flows.

Credit challenges

Weak but improving asset quality indicators – TMF Group's asset quality indicators, on a consolidated basis, remain weak with GNPA/NNPA of 9.3%/5.0% as on March 31, 2023 as compared to and 9.7%/5.8% as on March 31, 2022. While the asset quality had started improving since Q2FY2023 with the improvement in macroeconomic conditions and the reorientation and strengthening of the collection teams and write-offs, it was impacted in Q3FY2023 (GNPA/NNPA of 12.0%/7.7% as on December 31, 2022) on account of aligning of definition of stage-3 assets with IRACP norms, effective October 1, 2022, and higher slippage from the restructured book. In this regard, ICRA takes note of the group's collections effort to improve recoveries and write offs to reduce the NNPA in Q4FY2023. The Group's ability to manage recoveries or mitigate losses through the enforcement of security, while arresting fresh slippages and thus keeping a check on the credit costs, will have a bearing on its overall earnings profile.

TMFSL's GNPA/NNPA, on a standalone basis, stood at 4.1%/2.8% as on March 31, 2023, compared to 7.4%/5.0% as on March 31, 2022.

Weak consolidated capitalisation profile - On a consolidated basis, the Group's overall gearing stood at 26.8 times (reported gearing 7.2² times) on March 31, 2023, compared to 15.5 times (reported gearing 6.5³ times) on March 31, 2022, owing to erosion of net worth due to significant losses in FY2023. ICRA draws comfort from the parentage, providing capital and liquidity support to TMFHL and its subsidiaries. In this regard, given the Group's strategic importance to TML and its stated intent to support the Group, ICRA expects capital support from the ultimate parent to be forthcoming and in a timely manner to support the capitalization and hence, credit profile of the Group companies.

On a standalone basis, TMFSL's net worth was Rs. 1,988 crore (excluding perpetual debt, which is considered as equity as per Ind AS), as on March 31, 2023, with a capital adequacy ratio of 23.2% against the regulatory requirement of 15%.

Subdued profitability indicators – Compressed net interest margins (NIMs), increased credit cost due to higher slippages and significant write-offs (Rs. 2,032 crore (net of recoveries), and higher operating expenses owing to reorientation of collection efforts resulted in net loss of 1,013 crore on a consolidated basis in FY2023 as compared to net profit of Rs. 156 crore in FY2022. Going ahead, the profitability is expected to improve from current levels on the expectation of lower incremental credit cost given the improved provision cover on existing stage 3 assets and controlled slippages. The company's ability to grow their business volumes while maintaining control over slippages to improve the return indicators would be key rating monitorable.

TMFL and TMFHL reported a net loss of Rs. 1,033 crore and Rs. 62 crore, respectively, on a standalone basis in FY2023. While, TMFSL reported a net profit of Rs. 76 crore, on a standalone basis in FY2023.

Concentration risk– Being a captive financier, a large proportion of TMFL's loan book is towards TML's vehicle. Consequently, TMFL has a high reliance on TML's sales velocity to generate business volumes thus expanding its loan book.

Liquidity position: Adequate

The liquidity profile is adequate on a consolidated basis. As on April 30, 2023, total consolidated (TMFHL+TMFL+TMFSL) debt outflows, over the next three months, stood at ~Rs. 5,440 crore. Out of this, CC/WCDL of Rs. 1,190 crore and commercial paper are expected to be rolled over, given the good financial flexibility by virtue of being a part of the TML Group. The consolidated liquidity position is supported by the combined cash and liquid investments of ~Rs. 3,102 crore, unutilised bank lines of ~Rs. 5,338 crore. Moreover, TMFHL had unutilised inter-corporate deposit (ICD) lines of Rs. 1,000 crore from TML as on April 30, 2023, to meet funding gaps and future funding requirements. Apart from these, the company has Investments of Rs. 1,260 crore of G-sec/T-bill as High-quality liquid assets (HQLA) kept for Liquidity coverage ratio (LCR) requirements.

Rating sensitivities

Positive factors – While TMF group's rating is underpinned by its strategic importance to TML as the captive financier of its vehicles, sustained improvement in standalone financial and asset quality metrics of TMF coupled with improvement of credit profile of TML could warrant a rating upgrade.

Negative factors – The ratings are underpinned by its strategic importance to TML as the captive financier of its vehicles. A significant change in the shareholding pattern of TMFHL or a change in the expectation of support from TML or a deterioration in the credit profile of TML could warrant a rating downgrade.

2 Rs. 3,608-crore perpetual debt classified as equity as per Ind AS. However, ICRA considers perpetual debt as borrowing. Net worth and gearing (incl. perpetual debt as equity) stood at Rs. 5,108 crore and 7.2 times, respectively, on March 31, 2023.

3 Rs. 3,248-crore perpetual debt classified as equity as per Ind AS. However, ICRA considers perpetual debt as borrowing. Net worth and gearing (incl. perpetual debt as equity) stood at Rs. 5,958 crore and 6.5 times, respectively, on March 31, 2022.

Analytical approach

Analytical Approach	Comments
Applicable Rating Methodologies	ICRA's Credit Rating Methodology for Non-Banking Finance Companies Rating approach - Implicit support from parent or group Rating approach - Consolidation Policy on Withdrawal of Credit Ratings
Parent/Group Support	Ultimate Parent/Investor: Tata Motors Limited TMF Group's ratings are strongly linked to the expectation of continued support from TML, which, in the past, has included access to capital, management and systems and supervision by a strong board.
Consolidation/Standalone	While arriving at the ratings, ICRA has considered the consolidated performance of TMFHL and its subsidiaries (TMFL and TMFSL) given the strong operational and financial synergies between the companies. <i>Details mentioned in Annexure II.</i>

About the company

Tata Motors Finance Solutions Limited (TMFSL; formerly Rajasthan Leasing Private Limited) is a non-banking financial company and a 100% subsidiary of TMF Holdings Limited. It provides used vehicle financing for TML's vehicles and has a corporate lending business as well. On October 3, 2022, TMF group had announced scheme of arrangement for demerger (scheme) of TMFL non-banking financial company (NBFC) business undertaking into TMFSL. The demerger is a plain share swap arrangement wherein the outstanding assets and liabilities pertaining to NBFC business of TMFL are being transferred to TMFSL effective from June 30, 2023.

As on March 31, 2023, TMFSL had a standalone AUM of Rs. 11,020 crore consisting of used CVs (74%), CLG (25%) and others (2%). TMFSL reported a net profit of Rs. 76 crore in FY2023 on an asset base of Rs. 11,789 crore as on March 31, 2023 compared to a net profit of Rs. 192 crore in FY2022 on an asset base of Rs. 10,845 crore as on March 31, 2022.

TMF Holdings Limited

TMF Holdings Limited (TMFHL), a Core Investment Company, is the parent company of Tata Motors Finance Limited (TMFL) and Tata Motors Finance Solutions Limited (TMFSL). TMFHL is responsible for lending and investing in the Tata Motors Group companies. Following a restructuring of the TMF Group in FY 2017, the new vehicle financing business of the Group is housed in TMFL (Formerly known as Sheba Properties Limited). The existing corporate lending business and the used vehicle financing business is housed under TMFSL.

In FY2023, TMFHL (consolidated) reported a net loss of Rs. 1,013 crore on an asset base of Rs. 43,082 crore against a PAT of Rs. 156 crore on an asset base of Rs. 46,083 crore in FY2022.

In FY2023, TMFHL (standalone) reported a net loss of Rs. 62 crore on an asset base of Rs. 9,408 crore against a PAT of Rs. 54 crore on an asset base of Rs. 8,307 crore in FY2022.

Tata Motors Limited

Incorporated in 1945, Tata Motors Limited is India's largest automobile company. It is the market leader in the domestic CV industry and one of the top three manufacturers of PVs in India. In the domestic CV industry, TML has one of the most diversified product portfolios with a presence across light, medium and heavy-duty segments of the CV industry. The company's product portfolio in the PV segment also spans passenger cars and sport utility vehicles (SUVs).

In June 2008, TML acquired JLR from Ford Motor Company for \$2.3 billion. Following the acquisition, TML's business profile underwent a significant change from being a predominantly India-centric OEM to one with presence in the premium and luxury segment cars and sport utility vehicles (SUVs) across multiple markets such as UK, Europe, North America, China and other overseas markets. Apart from JLR, which is wholly-owned by TML and generated ~65% of its consolidated turnover in FY2023, the company has also historically expanded its operations in India as well as overseas through strategic alliances, mergers and

acquisitions. Some of its key subsidiaries include Tata Motors Finance Limited (vehicle financing subsidiary), Tata Technologies Limited (software firm providing IT solutions to the automotive industry), Tata Daewoo Commercial Vehicles Company Limited (CV operations in South Korea). The company also operates joint ventures (JVs) with Fiat (for PVs, engines and transmissions) and with Cummins (for engine manufacturing).

TML has six manufacturing plants in India at Pune (Maharashtra), Lucknow (Uttar Pradesh), Jamshedpur (Jharkhand), Pantnagar (Uttaranchal), Dharwad (Karnataka) and Sanand (Gujarat), and Tata Passenger Electric Mobility (subsidiary of TML) has recently acquired Ford's manufacturing facility in Sanand. In addition, the company's key subsidiary, JLR, operates four principal manufacturing facilities in the UK, as well as manufacturing facilities in Brazil and Slovakia. In FY2015, JLR opened a manufacturing facility in China, through a Chinese JV. Moreover, as a Group, TML operates assembly operations at multiple locations around the globe through its subsidiaries and JVs.

Complexity level of the rated instrument

Instrument	Complexity Indicator
Perpetual debt	Moderately Complex
Subordinated bonds	Simple
Non-convertible debenture	Simple
Long-term/short-term fund based/non-fund based bank facilities	Simple
Commercial paper	Very Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click Here](#)

About ICRA Limited:

ICRA Limited was set up in 1991 by leading financial/investment institutions, commercial banks and financial services companies as an independent and professional investment Information and Credit Rating Agency.

Today, ICRA and its subsidiaries together form the ICRA Group of Companies (Group ICRA). ICRA is a Public Limited Company, with its shares listed on the Bombay Stock Exchange and the National Stock Exchange. The international Credit Rating Agency Moody's Investors Service is ICRA's largest shareholder.

ICRA ratings should not be treated as recommendation to buy, sell or hold the rated debt instruments. ICRA ratings are subject to a process of surveillance, which may lead to revision in ratings. An ICRA rating is a symbolic indicator of ICRA's current opinion on the relative capability of the issuer concerned to timely service debts and obligations, with reference to the instrument rated. Please visit our website www.icra.in or contact any ICRA office for the latest information on ICRA ratings outstanding. All information contained herein has been obtained by ICRA from sources believed by it to be accurate and reliable, including the rated issuer. ICRA however has not conducted any audit of the rated issuer or of the information provided by it. While reasonable care has been taken to ensure that the information herein is true, such information is provided 'as is' without any warranty of any kind, and ICRA in particular, makes no representation or warranty, express or implied, as to the accuracy, timeliness or completeness of any such information. Also, ICRA or any of its group companies may have provided services other than rating to the issuer rated. All information contained herein must be construed solely as statements of opinion, and ICRA shall not be liable for any losses incurred by users from any use of this publication or its contents.
